Eufaula Water Works
Sanitary Sewer Customer
Eufaula, Alabama 36072

Re: 2017 Bond Projects - Sanitary System Collection Rehabilitation

Dear Customer,

In 2017, your Water Board authorized borrowing \$8 million to upgrade portions of our water and sanitary sewer systems. As part of this upgrade work, we recently awarded a contract to Blankenship Construction. This contract includes rehabilitation of sanitary sewer main lines, manholes and individual service connections. This work will be done in the Edgewood Subdivision Area and the Union Street to Highland Street Area. The work is scheduled to begin on March 11, 2019. This work should be completed by October 1, 2019.

Work will be performed on most of the streets and some of the individual sanitary sewer service connections in the project area. So you can prepare for any planned service interruptions, you will be notified in advance by door flier of any planned work that will affect your sanitary sewer service. If you encounter any problems, please contact us at 687-1225, and we will address your issue.

For project updates, please view the News tab on our webpage at www.eufaulawaterworks.com or on Facebook at "Eufaula Water Works & Sewer Board" and "like" us while you are there.

If you have any questions or need additional information, contact our office at your earliest convenience. We apologize in advance for any inconvenience this work may cause, but we must repair these pipe lines and manholes in order to keep service to your property.

Sincerely,

C. Daryl Baker
General Manager
